Article 10 Data leaks protocol

[Kastblussysteem.nl](http://kastblussysteem.nl) takes measures related to the prevention of data leaks. This includes digital and analogue security measures on our infrastructure, careful selection of processors, contractual agreements and continuously training of employees. In addition, there are also procedures available for the steps that have to be taken during a data breach. This ensures that quick and effective action can be taken to limit the damage as much as possible. The highest priority after discovering a data breach is closing the leak.

If we are the controller and we are legally obliged to do so, we will report to the Dutch Data Protection Authority unless it is unlikely that the personal data breach poses a risk for those involved. If we are the controller and the data breach is likely to pose a high risk for the privacy of parties involved, we also inform those involved.

There is no need to report if:

- The personal data have been made incomprehensible to unauthorized persons, because, for example, encryption has been applied;
- [Kastblussysteem.nl](http://kastblussysteem.nl) has taken protective measures that will lead to the high risk of the data breach unlikely to occur;
- The report requires disproportionate effort on the part of the persons concerned. In that case, we will make a public announcement or similar effective notification of the data breach.

In case we are processors, we will inform you as a customer about the data breach, so that you can comply with the legal obligations. We inform you in principle via email.

Article 11 Contact and feedback

[Kastblussysteem.nl](http://kastblussysteem.nl) regularly checks whether it complies with this Privacy Statement. If you have any questions about this Privacy Statement, you can contact us via phone number +31(0)229-820825, by email (vraag@kastblussysteem.nl) or by post (kastblussysteem.nl, Attn.
